OF SARSAPARILLA OF SARSAPARILLA,
The astonishing success with which disease has been combated by this powerful remedy for the last three years, in the District of Columbia and other places, has induced the proprietor to present its claims in a more conspicuous manner, under a sincere conviction that its invaluable and unerring remedical virtues will benefit thousands, under whose notice it may come. Therefor, he would urge it upon all who read this not to let it pass unnoticed, but give it that attention to which it is so deservedly entitled.

Dear Sir: Having, through the agency of your extract of sarsaparilis, accomplished a most remarkable cure in the case of my sister, I deem it important to make all acquainted with her case who may be similarly afflicted, as it may be the means of saving many from a premature death. About tour years ago my sister's health begun to decline, and continued to do so for the space of two years, when she was suddenly attacked with a bronchial affection, or what is commonly called bronchial. All the continued to the space of two years, when she was suddenly attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsarilla, and, after the use of the very limited number of three bottler, she was completely restored, and has enjoyed better health than she ever before experienced.—Hoping that this description of her case will come under the notice of many who may be similarly officted, I am most respectfully, yours,

Dear Sir: I hereby acknowledge a star of graduide due you, in saying that I attribute my present state of good health entirely to the use of your invaluable preparation of Sarsaparilla. Having been afflicted with an Inflammatory Rhemmatic Affection of the knee-joint, which swelled to such a degree as to confine me to bed for many weeks, depriving me of the entire use of my limb, and having been attended by the most eminent physicians, without the least prospect of recovering. I made use of your Extract of Sarsaparilla to the amount of 5 bottles, after which I began to use my limb, and upon its further use had the satisfaction to find the disease radicated and my general health very much improved. Two years have now elapsed and; my bealth still continuous good. To the proper liberty to make use of this as you may think proper to the continuous good. To work the star of the satisfaction of the satisfaction of the satisfaction of the satisfaction for the satisfaction of the satisfaction to find the disease of this as you may think proper to the satisfaction of the satisfaction of
